Attached I send you a description for the ride to the Cargo Center at Frankfurt Airport.

Info for Delivery:

- After entrance on Gate 25 please drive to Building 437 with the horse transporter and park the horses at 437, during the customs clearance.
- Please inform the staff of the animal center at building 437 about your presence.

(It will be easier if the person who will be responsible for customs clearance will come with own car, as the customs is in an other building (Building 451) and

the export acceptance also (building 420).)

- After customs clearance please show the documents to the Veterinary at Building 437/ LUG Animal Center

- After ok by VET the documents need to be delivered at export acceptance (Building 420).

- A Lufthansa Cargo employee of the Animal Coordination will presence then to check the attendants and to hand over the tickets at the LUG Animal Center.

He or she will also watch the loading of the horses into the horsecontainers at the area of the LUG Animal Center.
